STARTTM
WIRELESS

Your journey to better hearing starts with Start

If you've been experiencing hearing loss, but have put off getting help because of misperceptions about hearing aids or because of budget concerns, now is a good time to learn about Start Wireless.

Start Wireless is Audibel's full line of value-priced hearing aids that sound great and perform dependably in a variety of normal listening situations. Designed by Audibel, one of the hearing industry's technology leaders, all Start Wireless hearing aids are designed to deliver superior:

Feedback Cancellation – greatly reduces annoying buzzing and whistling caused by things like talking on the phone or being hugged.

Noise Management – automatically recognizes and reduces noise for more comfortable listening in loud environments.

Directional Settings – designed to help you understand the speech in front of you while filtering out unwanted background noise.

Hear all that life has to offer

Combined with our innovative SurfLink® accessories, Start Wireless hearing aids can also make it easier to enjoy TV, music, cell phone conversations and more — no wires attached!

SurfLink Media

This set-and-forget media streaming solution connects to TVs, MP3 players and more to wirelessly stream audio directly to your Start Wireless hearing aids, so you can hear the volume at the level you want, while everyone else in the room can listen at the volume they want.

SurfLink Remote

This handy remote lets you adjust and control your Start Wireless hearing aids with the push of a button.

SurfLink Mobile

Enjoy hands-free phone conversations with this one-of-a-kind device. That's because SurfLink Mobile turns your Start Wireless hearing aids into both your cell phone microphone *and* receiver:

- Enables hands-free cell phone conversations by turning your Start Wireless hearing aids into the phone microphone *and* receiver:

Microphone — Your hearing aids can pick up your voice and send it to the person you're talking to

Receiver — SurfLink Mobile streams the voice on the other end directly to both of your hearing aids

But that's just the beginning. SurfLink Mobile is not only a cell phone transmitter, it's also an assisted listening device, media streamer, and hearing aid remote all rolled into one.

Which Start is
right for you?

Start Wireless hearing aids are available
in a full range of styles. Talk to your
hearing healthcare professional to find
out which Start Wireless is right for you.
